

PTO "IN THE KNOW" NEWSLETTER

October 2021

WHAT IS PTO "IN THE KNOW"?

Have you ever wanted to make it to a PTO Meeting and not been able to? This newsletter will be sent out after every meeting with loads of awesome information so you don't miss a thing!

IN THE GARDEN

Join us for our next Garden Work day on Oct 23rd from 10:30-1:30 pm.

No experience needed and tools are provided. If you can't make it to the work day, swing through any time and feel free to pick herbs like fresh mint and chives. We also appreciate any weed pulling! But, please leave larger vegetables for the classrooms to harvest.

THE BUDGET

We wanted to send the budget out to everyone so that all families can see where the money comes in from, how it gets allocated and where it's spent. Check the back of the newsletter for a full breakdown and explanation.

If you have any questions you can email treasurer@pwmppto.net.

THE PTO BUDGET BREAKDOWN

School Year 2021-2022

A NOTE FROM THE TREASURER

"The goal of PWM PTO is to support the schools needs. We primarily do that that through fundraising to fill the gaps that the districts funding may not cover. Our main income generator is the fall walk-a-thon but we also have smaller events or contributions that allow up to support teachers, specials and events at the school. Majority of the walk-a-thon funds a divide up to the different teams of classrooms in the school. They are divided up on a per pupil basis and are at the discretion of the Team Teacher how to use the fund. It may be additional materials for the team or to bring in a special program or presenter. Specials teachers also get additional fund to use for their curriculum enrichment. There are additional expense throughout the year that we have voted on distributing money towards. The budget is review and voted on every year."
