

GUIDING PRINCIPLES FOR COMMUNITY LEARNING CENTERS

1. In order to serve more fully the needs of our students and to support the improvement of their academic and intellectual development, all Cincinnati Public Schools will engage their communities in improving student achievement. As centers in the community, the schools and their partners should foster strong collaboration, set high expectations, embrace diversity, and share accountability for results.
2. Each school in the district will assess the needs of its student population using the OnePlan process. As a result of that process, the school will develop the partnerships needed to enhance opportunities for student success and community investment.
3. Where the school and its community deem it appropriate, those partnerships may result in organizations and agencies locating at the school site to deliver services. When that occurs, the school will be defined as a community learning center.
